

Art from the Children of Family Promise Cheyenne

Ever wonder about the thoughts and feelings of children who are homeless? The artwork depicted on these pins gives us a view in to their world. Each pin has not only an image of the art created by homeless children in our program but also a description provided by our case manager about the circumstances the child-artist was facing when he or she made their drawings. In some cases the words are directly from the children themselves. The sale of these pins helps us to help them and their families as well as those who come after they and their families have “graduated” from homelessness and poverty to self-sufficiency and independence. That is our promise to them and you.
